MEMORANDUM FOR RECORD

FROM: 142 FW/CC
6801 Cornfoot Rd
Portland ANGB, Oregon 97218-2797

SUBJECT: Environmental Policy Statement

1. Our installation is committed to continued excellence, leadership, and stewardship in protecting the environment. Environmental protection is a primary management responsibility as well as the responsibility of every worker and supplier. In keeping with this policy, our vision is to reduce waste through pollution prevention, continually improve our environmental performance by minimizing our impacts on the manmade and natural environment, and maintain compliance with all federal, state and local environmental regulations at all times. Our basic tenants include:
   a. Environmental protection is a line responsibility. Every worker is responsible for environmental protection in the same manner as worker safety.
   b. Compliance with all federal, state, and local environmental regulations is paramount in all we do, but additional emphasis will be placed on reducing our impacts on clean air and water in the local area.
   c. We are committed to reducing or eliminating the generation of waste. This will be a prime consideration for future decision-making.

2. Integrating this policy with the missions of the host and tenant units on our base will be accomplished through participation in our Environmental Management System (EMS). Appointed unit representatives will support the EMS process as Cross Functional Team members. The appointed EMS Coordinator is Roger Rein (503-335-4462).

3. Please contact me at 503-335-~~5000~~ 4142 with any questions or concerns.
