## DESCRIPTION OF DUTIES

Security Forces Manager (SFM): Leads, manages, supervises, mentor, directs, and performs SF Force Protection duties towards mission accomplishment, including the use of deadly force, to protect personnel and resources. The SFM provides the commander a mission-ready enlisted force to execute and support required garrison, expeditionary and domestic operations missions. He/she will lead the enlisted force and advise the commander on matters impacting the enlisted force, such as proper utilization, quality of enlisted leadership, operations tempo, and quality of life issues. The SFM will oversee compliance with Air Force standards, Air Force Inspection Program, serve on wing and state advisory councils, and maintain positive working relationships throughout the Wing. The SFM will also ensure commander's policies are known and understood by the enlisted force. The SFM will also manage and perform as a Resource Advisor, manage manpower and Force Management and assist with personnel actions for commander. SFM must have a good understanding of unit UMD/UPMR, relocations, and separations policies. Supervises the Resource Protection Program, Unit Training, Standardization/Evaluation section and Unit Deployment Manager. He/She will enforce standards of conduct, discipline, and adherence to laws and directives. Ensures personnel are trained, qualified, and ready to deploy and operate in an expeditionary, garrison or domestic operations environment. Assists in the development of plans, policies, procedures, and detailed instructions to implement SF programs. Plans, organizes, and schedules SF activities. Provides oversight, guidance, and assistance to commanders regarding application of information, personnel, and Resource Protection programs. Provides on-scene supervision for SF personnel and activities. Inspects and evaluates effectiveness of SF personnel towards mission accomplishment. Analyzes reports and statistics. Supervises proficiency training and certification standards to ensure standards are maintained.

Provides input to supervisors on programs and policies affecting the security of resources assigned or attached to Portland ANG Base. Required to prepare for and support the mission through the accomplishment of duties pertaining to military training, military readiness, force protection and other mission related assignments including, but not limited to, training traditional Guard members, CBRNE training, exercise participation (JEU/AFOA/ORI/ORE /UCI/MEI/OCI/IG, etc.), mobility exercise participation, FSTA/ATSO exercise participation, SABC training, LOAC training, weapons qualification training, participation in military formations, and medical mobility processing within the guidelines of NGB/ARNG/ANG/State/TAG rules, regulations, and laws.

Employee may work an uncommon tour of duty to include nights, weekends, holidays, rotating shifts and subject to recall. Will work during periods of inclement weather or other potentially hazardous or emergency situations. May need to wear special protective clothing such as coats, boots, vests, gas masks, helmets and hearing protection. May be exposed to high levels of noise such as aircraft engines.

The employee may need to travel in military and/or commercial aircraft to perform temporary duty assignments. This position is covered by the Domestic Violence Misdemeanor Amendment (30 September 1996) of the Gun Control Act (Lautenberg Amendment) of 1968. An individual convicted of a qualifying crime of domestic violence may not perform the duties of this position. The work may require the employee to drive a motor vehicle. An appropriate, valid driver's license is required for the position. Incumbent must know how to operate all Security Forces Vehicles and installed equipment. Incumbent must maintain current qualifications in the use of required weapons. Incumbent is exposed to the day-to-day dangers associated with law enforcement and security duties. This position is designated as mission essential based on local conditions. Mission essential personnel report for duty at normal times when the base is closed or other employees are allowed delayed reporting. Mission essential personnel remain on duty during phased or early release activities. Incumbent is required to obtain first responder training/certifications in CPR techniques, self-aid buddy care, and first-aid skills and complete annual recertifications. While wearing protective gear for extended periods of time, employ 'infantry/SWAT' small unit tactics involving weapon fire and maneuvers, with rapid advancing movements between defensive positions. The ability to employ "Active Shooter" response tactics and techniques, as a member of a small team, is required. Utilize the appropriate necessary force up to and including deadly force, in the preservation of life and protection of resources vital to national security. Other duties and responsibilities assigned by the commander.

## ELIGIBILITY REQUIREMENTS FOR ENTRY INTO THE AGR PROGRAM

- Must be a member or eligible to become a member of the Oregon Air National Guard
- Member will be required to hold a compatible military assignment in the unit they are hired to support
- Member's military grade will not exceed the maximum military duty grade authorized on the Unit Manning Document (UMD) for the position
- Member must meet the physical qualifications outlined in AFI 48-123, Medical Examination and Standards, Attachment 2 before being placed on an AGR tour
- Member must have retainability to complete the tour of military duty
- Member must not be eligible for, or receiving a federal retirement annuity
- Member must comply with standards outlined in AFI 36-2905, Fitness Program to be eligible for entry into the AGR program
- Member must meet all eligibility criteria in ANGI 36-101, The Active Guard/Reserve Program

**APPLICATIONS MUST BE SUBMITTED IN ACCORDANCE WITH INSTRUCTIONS ON THIS ANNOUNCEMENT.**

**\*\*\*\*\* PLEASE READ THIS ANNOUNCEMENT COMPLETELY \*\*\*\*\***

- Member must hold required AFSC or be eligible for retraining and meet all eligibility criteria in AFECD/AFOCD

## ADDITIONAL INFORMATION

- AGR members will participate with their unit of assignment during Unit Training Assemblies (UTAs)
- AGR tour lengths in the State of Oregon are governed by TAG-OR Command Policy Memorandum 127
- Initial tours will not exceed 6 years. Follow-on tours will be from 1 to 6 years, per ANGI 36-101
- To be considered for this position you must meet all minimum AFSC requirements as written in the announcement
- Must have qualifying ASVAB score for cross-training, scores are reflected on your personnel RIP.
  - If ASVAB score does not meet the minimum required IAW AFMAN 36-2108, you may retest
  - Contact your servicing FSS, new scores are required for consideration before announcement closing date
- Selectee will be required to participate in the Direct Deposit Electronics Funds Transfer program
- A law enforcement background check may be required prior to appointment to this position
  - By submitting a resume or application for this position, you authorize this agency to accomplish the check

## APPLICATION INSTRUCTIONS

**APPLICATIONS MUST BE SUBMITTED FOLLOWING THE INSTRUCTIONS ON THIS ANNOUNCEMENT.**

\*\*\*\*\* **INCOMPLETE APPLICATIONS WILL NOT BE PROCESSED** \*\*\*\*\*

**WRITTEN EXPLANATION IS REQUIRED FOR ANY MISSING DOCUMENTS**

### AGR APPLICATION CHECKLIST:

- NGB Form 34-1, Application for Active Guard/Reserve (AGR) Position, **dated 11 November 2013**
  - Announcement number and position title must be annotated on the form
  - Download the current form version from: [http://www.ngbpdc.ngb.army.mil/forms/ngbf34\\_1.htm](http://www.ngbpdc.ngb.army.mil/forms/ngbf34_1.htm)
- Current Report of Individual Personnel (RIP). **Documents must show your ASVAB scores.**
  - RIP can be obtained from the servicing Force Support Squadron (FSS)
  - In lieu of a RIP, applicant may provide a printout from the virtual MPF (vMPF)

[About](#)
[Help](#)

SAFE is designed to provide AMRDEC and its customers an alternative way to send files other than email. SAFE supports file sizes up to 2GB.

[Click here for Getting Started Guide](#)

## AMRDEC SAFE Getting Started Guide

The AMRDEC SAFE application is used to send large files to individuals which would normally be too large to send via email. There are no users accounts for SAFE - authentication is handled via email and CAC. Everyone has access to SAFE, and the application is available for use by anyone.

### Difference between CAC users and Guest users

There are only a few differences between sending SAFE packages as a CAC user and sending them as a guest:

- Guests are required to verify their email address after uploading each package;
- Guests cannot send packages to recipients that do not have a .mil or .gov email address;
- CAC users can add recipients in bulk using a semicolon-delimited list.

### Sending Files

1. The AMRDEC SAFE application can be accessed via <https://safe.amrdec.army.mil/safe>.
2. There are two options to proceed from the SAFE homepage:
  - **Proceed as CAC User** - Select this option if you have a valid US DoD-issued CAC.
  - **Proceed as Guest** - Select this option if you do not have a CAC .
3. After selecting one of the options above, the page will be redirected to the package upload form. Fill in all the required input fields:
  - **Your Name** - Your name;
  - **Your Email address** - Your email address;
  - **Confirm Your Email Address** - Re-enter your email address;
  - **Description of File(s)** - Enter a description for the package;
  - **File(s)** - Click the "Browse" button to select your file(s). You may add up to 25 files per package, so long as the total file size does not exceed 2GB;
  - **Deletion Date** - Select a date for the package to be deleted from SAFE. The maximum (which is also the default) is two weeks (14 days) from today;
  - **Provide an email address to give access to** - Enter your recipient here and click "Add". CAC users may enter a semicolon-delimited list of emails in bulk so each recipient does not need to be added individually;
  - **Grant access to these people** - This is the list of people you have granted access to the package. To remove a recipient, highlight their name and click the "Remove" button;
  - **Caveats** - Default is "None";
  - **Encrypt email message when possible** - Attempt to encrypt the package's notification email to each recipient;
  - **Notify me when files are downloaded** - You (the sender) will receive a notification via email when a recipient downloads the package;
  - **Require CAC for pickup** - Require the recipient to be logged in with a valid US DoD-issued CAC to download the file(s). Recipients without a CAC will not be able to download the package.
4. Clicking the "Submit" button will upload the files and submit the package. Guest users will need to check their email to verify their email address before the recipients will be notified. No additional action is required by CAC users.
5. After the package has been uploaded (and verified, if proceeding as a guest), each recipient will receive a link to the package download page as well as a password. These passwords are unique for each recipient (not the package), and will be disabled once SAFE detects that the user successfully downloaded each file within the package. Forwarding recipient and sender notification emails to anyone except the AMRDEC WEBTeam is strictly forbidden.

### Receiving Files

Recipients will automatically be notified via email when they have been added as a recipient to a package. The email they receive will contain a link and a password. Clicking on the link will take the recipient to a page where they will be asked for the password. The best way to enter the password is to copy it from the email and then paste it into the password box.

After logging in, the recipient will be able to download all the files within the package. We recommend right-clicking on each file and selecting the "Save Target As" option to select the location to save the file to.

After downloading every file within the package, the recipient will not be able to log back in to download the files again. Simply logging in or starting a download will not lock the user out. In order to be locked out, the recipient must successfully download every file within the package.

### Managing Packages

After uploading a package, the sender will receive a notification email with a link and a password. After accessing the link and entering the password, the sender will be able to manage their package:

- **Adding Files** - The sender can upload additional files to the package. Recipients will receive an additional notice email informing them that the package has been updated. Recipients who have already downloaded the package will be allowed back in to get the additional files.
- **Adding Recipients** - The sender can grant access to additional recipients to the package.
- **Resending Recipient Notifications** - If a recipient lost or never received their notification to pickup the files, the notification can be resent.
- **Checking Recipient Status** - The list at the bottom of the status page will show each recipient and whether or not they have downloaded the package. A download status of "False" means that they have **not** downloaded the package, whereas a download status of "True" means that they have. This feature is available regardless of whether or not the sender selected the "Notify me" on the upload page.

## Getting Help

If you encounter any issues while using SAFE, please try using the [Help Center](#) to find your answer.

---

### What is AMRDEC

The U. S. Army Aviation and Missile Research Development and Engineering Center, a subordinate laboratory to the Research, Development and Engineering Command, is the Army's focal point for providing research, development, and engineering technology and services for aviation and missile platforms across the lifecycle.
